INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1942 edition of the Greensboro City Directory, which also includes Bessemer, Guilford College, Hamilton Lakes, Pomona and Starmount Forest.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 527, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro and vicinity, and the name, official personnel, nature and address of each firm and corporation. A feature of this section is the designation of the number of children under Directory-listing age in each household.

THE BUYERS' GUIDE, preceding the Classified and separately pagged from 1 to 60, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 589 to 644, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 645 to 745. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro and vicinity.

The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Guilford County is administered by a commission of five elected at large. It is generally regarded as one of the best-managed counties in the state, being frequently pointed to as a model by the North Carolina Institute of Government.

GUILFORD COUNTY COURT HOUSE, GREENSBORO

Greensboro, county seat, is administered by a non-partisan council of seven nominated by districts elected at large. The council employs a full-time experienced city manager. For many years the council has been composed of successful business and professional men of demonstrated capacity in their private undertakings.

The council has directed municipal affairs upon well-established business principles uninfluenced by partisan political considerations. Good management is reflected in nationally-recognized superiority in public health administration; reduction of fire losses and low insurance rates; the salability of municipal bonds; low tax rate (according to National Municipal Review, Greensboro's tax rate was lowest in U. S. or Canada among cities of 50,000 to 100,000 population); efficient police protection; unusually good water supply; clean, well-paved streets; modern sewerage and sanitation facilities. These and other evidences of good government have given to the city an atmosphere of enterprise and well-being which causes it to be enthusiastically pointed out as "a good town." Assessed valuation of property in Greensboro, \$92,066,212.

Old city tax rate, \$1.48; new city tax rate, \$1.25.

Education

GUILFORD COUNTY has nine institutions of higher education, with approximately 6,000 students. Fifteen modern consolidated rural public high schools and 45 urban public schools; total enrollment, approximately 35,000.

GREENSBORO: The Woman's College, University of N. C., ranks high among liberal arts colleges in America. Founded in 1891. Advanced schools of music, art, dramatics, home economics, physical education and secretarial science. Grants bachelor of arts and science degrees and offers graduate work. Dr. W. C. Jackson, dean.

GREENSBORO COLLEGE (Methodist): For 100 years has been highly regarded as a liberal arts school for young women. Music, dramatics, and cultural courses leading to bachelor degrees. Dr. Luther Gobel, president.

GUILFORD COLLEGE (Quaker co-ed.): Chartered in 1834—an accredited liberal arts college, conferring bachelor degrees. Dr. Clyde A. Milner, president.

HIGH POINT COLLEGE (M. P.): Founded 1924 at High Point. Liberal arts courses, bachelor degrees. Dr. G. I. Humphries, president.

OAK RIDGE MILITARY INSTITUTE (R. O. T. C.): Founded at Oak Ridge, 1851. Boys' preparatory school with long record for highest

Industry

252 industrial and service industries.

25,176 workers.

\$19,607,164 payroll.

\$88,993,154 value of products.

Greensboro's industrial structure is well diversified—there are cotton, silk and synthetic textile mills; women's full-fashioned silk stocking and men's hose mills; wood-work-

repair shops; ice cream and dairy products plants; printers and bookbinders; and a variety of specialty manufacturers.

The Cone Mills are the largest producers of cotton denim in the world. The Blue Bell Overall Co. is the largest in America, and the Mock-Judson-Voehringer Hosiery Mill and Pomona Terra Cotta Co. are the largest in the South. Vick's Vapo-Rub is known around the world.

The principal industrial advantages are climate, good living and working conditions, availability of intelligent native labor (500,000 population within one hour's auto

PILOT LIFE INSURANCE COMPANY HOME OFFICE

ride to draw from), harmonious industrial relations, strict maintenance of law and order, efficient public utilities, adequate power, water and sewage-disposal; competitive transportation facilities, accessibility to raw materials and profitable markets, low taxes and insurance, and good government. Operating under these conditions and certain intangible factors, manufacturers have demonstrated that goods can be produced and sold at Greensboro for a larger net profit than in comparable establishments elsewhere, giving local plants a decided competitive advantage.

Commerce and Trade

GREENSBORO is easily accessible to a 50-mile trade area having over 1,000,000 consumers (1940 Census), 180,000 families (est.), \$95,000,000 industrial payroll (1940 Census), and \$815,755,131 of industrial production (1940 Census.)

Greensboro is the principal market of the northern Piedmont. There are approximately 1,300 retail, service and professional outlets, handling goods, wares and merchandise lines available in metropolitan centers.

Retail sales approximately \$30,000,000 annually.

Wholesale and agency establishments travel between 1,800 and 2,000 salesmen and agents and distribute a wide variety of merchandise over a much larger territory. The area served has greater purchasing power than comparable areas surrounding Richmond or Atlanta.

The home offices of several large insurance companies, together with the territorial and general agencies of numerous national firms, offering all forms of coverage, have created an "insurance fraternity" which characterizes Greensboro as the "Hartford of the South."

Greensboro is one of the principal cities for Virginia and North and South Carolina conventions. Because Greensboro is the focal point of the most densely populated area in these three states, many organizations register larger attendance at Greensboro than elsewhere. Class "A" hotels offer every modern facility.

Greensboro is territorial headquarters for many nationally-known firms: Dodge Bros., Chrysler Corp.,

Transportation

REGULAR SCHEDULED DAILY DEPARTURES: 32 passenger trains, 65 busses in and out week days (92 in and out Sundays), 8 planes daily, 29 freight trains, and 66 package cars.

Greensboro is the focal point of rail, highway, and air carriers of the northern Piedmont. It is served by the main line of the Southern Railway system (double-track), running north and south. Here also is the east and west line of the North Carolina Railroad (Southern operated),

rates to all points in North Carolina and to a large portion of Georgia, South Carolina, Tennessee and Virginia and a part of West Virginia.

A network of more than 1,000 miles of hard-surfaced highways within a radius of 50 miles, provides a means of easy access to Greensboro for approximately 160,000 automobile owners in the area.

Standard bus lines move in eight directions, connecting with all principal cities. Atlantic Greyhound, Carolina Coach and the other carriers operate under State regulations, clearing through a union terminal.

and the Southern Railway line, Greensboro to Winston-Salem and points beyond. Greensboro is also served by the Atlantic & Yadkin Railway, providing through rates and routes to and from points in all parts of the country by its direct connections with the Atlantic Coast Line Railroad, Norfolk & Western Railroad, Norfolk Southern Railroad and Seaboard Air Line Railway.

Modern union passenger, mail and express terminals with free pick-up and store-door delivery on LCL shipments. Railway Express Agency maintains express service on practically all passenger trains, making available passenger train express service at railroad freight

Southeast)—serves Greensboro and High Point. On Eastern Air Lines' main line, New York to New Orleans; also Pennsylvania-Central Airlines serves Greensboro on a Norfolk to Knoxville run—passengers, mail and express. The field has paved runways large enough to land planes, 21-passenger size; a first-order weather bureau, hangars, restaurant, modern lighting, service equipment, radio beacon, radio and telephone. Transportation facilities and density of population combine to make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

Greensboro is served by a large number of trucking companies, having excellent warehouse facilities

and operating large fleets of trucks in all directions, which further adds to Greensboro's transportation facilities, with transportation rates to serve all industries on a fair basis.

Religious and Social Features

The church as an institution has always been a powerful and constructive force in the life of every neighborhood in Guilford County. The Quaker Meeting House at New Garden (now Guilford College) was established in 1752. Old Buffalo Presbyterian Church was established in Greensboro in 1756.

Colonial churches at Alamance, Deep River, Friedens and elsewhere in this county have made important

contributions to the development of fine character and strong citizenship.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome and inspiring places of worship. There exists among all communes an extraordinary religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around and in their neighborhood churches. The urban churches also have highly-developed social programs.

Modern country clubs at High Point, Sedgfield, Starmount and

JEFFERSON STANDARD LIFE INSURANCE COMPANY BUILDING

Greensboro have handsome club-houses, where friends gather for dancing, bridge, study, musical programs, fox-hunting, riding, tennis, skeet, hiking, swimming and many other forms of social intercourse.

Regular music and lecture courses bring outstanding attractions to the city: Authors and artists, symphony music, occasional opera and metropolitan stage productions. Seven moving-picture theatres (two largest seating 2,600-1,800) offer current attractions. Two auditoriums seating 2,800 and 1,800.

Few sections offer greater opportunity for year-'round living out-of-doors, or more varied recreational advantages. The extent to which people in all walks participate in outdoor pursuits is remarkable, and has a distinct influence on community health and well-being. Greensboro has repeatedly won national recognition in municipal health contests.

The World War Memorial Stadium provides an ideal setting for major football games, day and night base-

A city-county park provides three lakes for swimming, fishing and boating. A recreation center near Jamestown affords a modern swimming pool. Brandt Lake offers boating and fishing.

At Sedgefield there are horses and foxhounds. The countryside abounds in quail and other game. Several game preserves are maintained by sportsmen of national prominence. There are 25 private clubs and camps nearby, containing a total of 2,273 acres of land and 175 acres of water area.

Championship 18-hole golf courses, private tennis courts and swimming pools are offered by country clubs at High Point, Star-mountain, Sedgefield and Greensboro. A total of 425 acres reserved for parks and playgrounds by the City

of Greensboro, and a full-time recreational director is employed to promote a well-rounded program of neighborhood activity throughout the year.

Pinehurst and Roaring Gap resorts within two hours' drive.

“WHAT YOU SHOULD KNOW ABOUT YOUR CITY”

“The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women.”—John Cotton Dana.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.**

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery. Insure valuable parcels.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

THE BUILDING OF THE PYRAMID

All of the toil and effort that went into the building of those mammoth Pyramids which have weathered the storms of centuries and the hot Egyptian sun—all of this would not compare with the toil and effort used to build this pyramid of assets. But there is a difference. The Egyptian Pyramids were builded by slaves as monuments to kings, builded by the driving toil of unwilling hands. The National Pyramid is builded by free men in the pursuit of health and happiness for their loved ones, builded by willing hands and unselfish hearts.

THE CITY DIRECTORY

The Modern Up-to-Date Method
of Getting Accurate Information Quickly

A Time Saver—A Money Maker For Every Business
Let Us Show You How

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

HILL'S GREENSBORO

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1942

Copyright, 1942, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

POPULATION OF U. S. CITIES OF 25,000 OR MORE IN 1940
(as per final figures of the 1940 U. S. Census Report)

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
